

THE MAILROOM OF  
*Santa Claus*

2025

*My dearest Christopher Alexander Benjamin,*

*There's something truly magical that I want to share with you. You see, every time something wonderful and unexpected happens, something that makes your heart skip a beat, real magic is at work. This magic is all around us, especially at Christmas, and it's made even stronger by those who believe in it.*

*I can see the magic that shines within you, Christopher Alexander Benjamin. When you believe in magic, it comes out of you like stardust, brightening everything around you. What I find most magical about you is the way you showing incredible kindness and patience with everyone you meet, helping your three younger siblings with their homework every single day after school, teaching them how to ride their bikes, making sure they always feel included in your games, protecting them on the playground, sharing your allowance when they forgot their lunch money, reading bedtime stories when mum and dad are busy, and always being the first to give hugs when someone is feeling sad or scared. You bring light and joy to everyone you meet.*

*Christmas is the most magical time of the year, when the world is filled with wonder and joy. It's the perfect time to believe in magic because it's when the magic is strongest. When I arrived in Perth, Western Australia, Australia to deliver this letter, I found my way because of your belief. Your magic guided me here, lighting the way just like the stars in the night sky.*

*So, the next time you feel something magical, remember that it's your belief that makes it real. Keep that magic alive in your heart, Christopher Alexander Benjamin, because every time you believe, you help make the world a more magical place.*

*With all my love and Christmas magic,*

*Santa Claus*

*P.S. Your teachers told me you've been helping the new students feel welcome at school, sharing your lunch with kids who forgot theirs, and even organizing games at recess so nobody feels left out - you have such a wonderful heart!*
